

Travel with Confidence

Book through a Travel Management Company (TMC) for confidence that every stage of your journey meets strict criteria and help is always at hand

We recommend using a limousine service booked through your TMC, or where possible take a private car, walk or cycle to the train station

Use process in reverse for the return journey

> At the end of your trip, your data will be securely held by your TMC who can arrange testing or alert you should there be any Covid-19 follow up required.

During your work, practice social distancing (1m + from others) and remember to frequently wash your hands 🔌

If taking a taxi to your final destination, wear a mask and consider using disinfectant to clean handles and frequently touched surfaces

and practise social

distancing (1m+) from

other travellers

Onboard, follow the train company's advice, wear a mask and bring your own food/drink if permitted
